**RE: Service Enhancement - Zodiac Reefer Service**

Dear Valued Clients,

To strengthen our customer's Transatlantic cold chain flows, Seatrade is proud to announce a service enhancement of its weekly fast, direct and dedicated Zodiac Reefer Service.

On the Westbound leg, the Zodiac service's rotation will remain unchanged, continuing to offer a premium direct service into the French West Indies from Portsmouth, Flushing and Radicatel:

- 9-day transit time from France into Pointe-à-Pitre, and 10-days into Fort-de-France

As from July 2019, the weekly service's Eastbound Central American rotation will be enhanced. From Turbo, the Eastbound leg will call Puerto Barrios before Puerto Moin.

The first Eastbound sailing in the enhanced Central American rotation will be the m/v Hellas Reefer, voyage number ZD19030, week 27/2019.
